

## Institutional Membership and Fees - 2024

Memberships expire on December 31 of each year and will be prorated if an institution joins after January 1 and has not been a member within the previous 3 years. Dues are non-refundable.

**Voting Member:** Institutional members designate one "Voting Member" to serve as a primary contact for the URMIA membership. When requested, the voting member will cast a vote on behalf of the entire organization. Additional administrative duties include serving as the billing contact (or delegating this to someone else), assigning/approving individuals as "Members" under the organization's membership umbrella, and keeping the organization's profile and membership roster current with the URMIA office.

**Additional Individuals with Member Benefits:** Institutional memberships include a set number of individual Members based on the URMIA Membership Type (see chart above). Other than the designated Voting Member, Members have no voting privileges. Voting Members may add Additional Members under the organization's membership for an extra fee per person per year.
